

## Meet the Specialists

Following the success of the 2008 Domestic Violence awareness training, the award winning team at Basildon Women's Aid are pleased to announce a further series of training sessions. Over 80% of delegates attending the 2008 conferences completed evaluation forms and their comments have played a large part in arranging the new and exciting series scheduled for 2009.

Once again the training sessions are aimed at individuals and organisations and provide comprehensive local, regional and international specialists.

Intended for both professionals and service providers from the statutory and voluntary sectors, the 2009 Training Sessions are designed to raise awareness of the dynamics and diversity that have an impact on domestic violence victims and the community.

All our sessions feature the services that are available to victims (and perpetrators) and how YOU can make a positive difference.

## Training Day Calendar

- ▶ **3rd April 2009** (9.15 a.m. to 4.30 p.m.)
